Letter: Public participation urged

Editor, Daily News:

Again, the Daily News has performed a valuable service to the residents of Collier County by informing them of the proposed plan to de-designate the Big Cypress Area of Critical State Concern.

We were shocked to hear that there had not been public participation in this issue of importance to the residents of Collier, Miami-Dade and Monroe counties.

The League of Women Voters is a strong advocate of public participation in government. We are asking Gov. Bush to provide adequate time and opportunities for public input on this vital issue. We urge the public to do the same and contact Gov. Bush at The Capitol, Tallahassee, 32399. Fax 850-487-0801.

Chris Straton, President, League of Women Voters of Collier County
