Letter: They work for us

Editor, Daily News:

The residents of Collier County are indeed fortunate to have President Chris Straton and the Collier County League of Women Voters (CCLWV) working tirelessly to inform the voters regarding the amendments and the candidates in a nonpartisan manner.

The time and effort the CCLWV put into this noble endeavor exemplifies the self-effacing, true patriotism so often overlooked in these divisive times. As an informed citizenry is necessary for democracy to flourish, the CCLWV's contributions are much appreciated and valued.

Thanks for all they do.
