

Our Mission

To encourage the informed and active participation of citizens in government, and to influence public policy through education and advocacy

WHAT YOUR LEAGUE ACCOMPLISHED ON ITS SUMMER VACATION

By Sandy Parker, 1st Vice President – LWVCC

Remember being asked what you did on your summer vacation on your first day back to school after a long summer off?

As I look back over what your League has accomplished since the Summer VOTER was distributed in June, I feel a great sense of pride. I hope you will, too.

Election 2006

Our League made a huge difference to our community in the weeks leading up to the September 5th primary elections, providing information about local candidates and issues. See Sue Bookbinder’s column on page 2.

In addition, candidate surveys – one by the LWVCC, LWV-Lee County and the Fort Myers News Press, the other by the Women’s Network for Change – were posted on our website, as was information about how to access replays of statewide candidate e-forums and tele-events co-sponsored by the LWVFLA.

We also issued a press release and began distributing a new League publication “Why Should I Vote?” in English and in Spanish, providing information on a variety of voting-related topics.

In August, the LWVFLA lifted its voter registration moratorium after a federal court in Miami blocked enforcement of the law that would have imposed crippling fines on voter registration groups like the League. A Naples Daily News editorial said, “We have long admired the work done by civic-minded organizations such as the League of Women Voters in the voter participation realm. We’re glad to see them back at work for voter registration, where they belong.”

Hot Topics

We continued “Hot Topics,” a series of monthly lunch-

eon meetings at which members share knowledge with other members about topics of current interest. Meetings were announced via email and posting to our website.

- In June, LWVCC President Chris Straton led a discussion of the Florida voter registration law, the moratorium imposed by the state League as a result, and its related lawsuit.
- In July, Chris and board member Marjorie Joder led a discussion of charter government after the county commissioners’ advisory Productivity Committee recommended that the Board of County Commissioners (BCC) consider forming a charter government committee.
- In August, I led a discussion providing a framework for understanding the BCC’s request that our five independent fire districts consider merging and then taking over the emergency medical service.
- And in September, board member Nicole Ryan presented “Natural Resources 101,” a session covering the federal, state and local environmental protection process, and ways the public can influence policy.

The 20+ people who attended each session especially enjoyed the easy give-and-take of the small group setting, and the way long-time residents shared their

MESSAGE FROM THE PRESIDENT

Chris Straton

President@lwvcolliercounty.org

Welcome to the 2006/2007 season of the League of Women Voters of Collier County.

It is an election year and we have been busy with the Primary and look forward to the General Election. Unfortunately, there was very little voter turnout for the September Primary. Including absentee ballots, early voting and the polls open for 12 hours on 9/5/06, there was less than 20% voter turnout. We need to work with other groups in the community to improve those statistics.

Voters continue to mistrust the system, feel uninformed and disenfranchised for a plethora of reasons. We certainly have our work cut out for us and the job doesn't end when the votes are counted on November 7th.

Ask yourself if you could do more to overcome the cynicism of the American citizenry when it comes to participation in government. Remember, the League of Women Voters' mission is to **encourage** the informed and active participation of citizens in government and influence public policy through education and advocacy.

Let our goal for this year be one of **encouragement**.

VOTER SERVICE COMMITTEE

Sue Bookbinder

VoterService@lwvcolliercounty.org

Until recently, our voter service activities were restricted by the LWVFLA's moratorium on voter registration. But despite this ban, we were still able to make a difference.

On July 25th, we offered to the public "[Voting 101](#)" hosted by Supervisor of Elections Jennifer Edwards. This excellent overview of the voting process in Collier County is available on our website.

On July 31st, we sponsored a televised Candidates Forum for Collier County Commission and School Board candidates, moderated by Kathleen Slebodnik, LWVCC board member and past president.

A DVD of the event is available.

On August 21st, we participated in "Politics in the Park," an event sponsored by the Collier Building Industry Association where attendees had the opportunity to meet and question local, state and national candidates and cast their straw vote ballot.

A team of LWVCC volunteers (Ann Bleakley, Barbara Elliott, Marjorie Joder, Pat Lawrence, Bernice Schmelz, Kathleen Slebodnik, Chris Straton, George Willis and I) attended training sessions and then, on September 5th, adopted a precinct, "wo-manning" the polls and submitting results from 6 a.m. until 8:45 p.m.

We had two Letters to the Editor printed in the Naples Daily News, providing vital information to voters and reinforcing the importance of every person's vote. Chris Straton's "[What You Need to Know About the September 5th Primary](#)," and my "[Compulsory Voting?](#)" letters can be found on our website.

In the coming weeks, the Voter Service Committee will identify additional ways to further our mission. I urge those of you who see this task as interesting as I do, to contact me.

LWV POSITIONS REGARDING PROPOSED AMENDMENTS TO THE FLORIDA CONSTITUTION

The LWVFLA board endorses the following positions regarding the six amendments to the Florida Constitution as proposed to voters for the 2006 General Election on November 7, 2006. Decisions are based on assessment of current LWVFLA positions developed by League members, statewide, through study and consensus.

AMENDMENT #1: STATE BUDGET AND PLANNING PROCESS

The League of Women Voters of Florida **supports** this amendment. The League supports a state fiscal structure that is equitable in its distribution of the tax responsibility and responsive to public needs. The League also believes that a system is needed to measure effectiveness of expenditures of tax dollars in order to provide fiscal accountability and responsibility.

AMENDMENT #3: BROADER PUBLIC SUPPORT FOR CONSTITUTIONAL AMENDMENTS AND PETITIONS

The League of Women Voters of Florida **opposes** this amendment. The League strongly supports the right of citizens to propose amendments to the Florida Constitution through the citizen initiative process. In 1996, the League adopted the position that Florida should have both constitutional and statutory initiatives and that criteria should be developed to determine whether an initiative is placed in the constitution or in the statutes. If citizens had the option of passing statutory initiatives in Florida, then the League would favor requiring a supermajority of those voting to pass a constitutional amendment.

AMENDMENT #4: PROTECT PEOPLE, ESPECIALLY YOUTH, FROM ADDICTION, DISEASE AND OTHER HEALTH HAZARDS OF USING TOBACCO.

The League of Women Voters of Florida **opposes** this amendment. The League believes that this issue should

be addressed by statute rather than by amending the Constitution. In addition, the League believes that no source of revenue should be specified, limited, exempted or prohibited in the Constitution.

AMENDMENT #6: INCREASED HOMESTEAD EXEMPTION

The League of Women Voters of Florida **opposes** this amendment. The League believes that there should be no increase or extension of the homestead exemption. The League believes that no source of revenue should be specified, limited, exempted or prohibited in the Constitution.

AMENDMENT #7: PERMANENTLY DISABLED VETERANS' DISCOUNT ON HOMESTEAD AD VALOREM TAX

The League of Women Voters of Florida **opposes** this amendment. The League believes that there should be no increase or extension of the homestead exemption. The League believes that no source of revenue should be specified, limited, exempted or prohibited in the Constitution.

AMENDMENT #8: EMINENT DOMAIN

The League of Women Voters of Florida has not studied this issue, therefore has **no position** on it, either in support or opposition.

NOTE: There are only six amendments on the ballot. There are no amendments #2 or #5.

LWVCC POSITIONS REGARDING PROPOSED LOCAL BALLOT INITIATIVES

At the present time, we expect two local initiatives on the November ballot:

CONSERVATION COLLIER: ACQUISITION AND MANAGEMENT OF ENVIRONMENTALLY SENSITIVE LANDS, WATER RESOURCES LANDS AND PUBLIC OPEN SPACE

The League of Women Voters of Collier County **supports** this amendment, which would continue funding Conservation Collier at 1/4 mil through 2013.

See page 4.

REQUIREMENT FOR ADEQUATE ROAD CAPACITY:

"State law permits new development to proceed under certain circumstances even if adequate road capacity will not exist for 3 to 5 years. Should this law be changed to require adequate road capacity before new development can begin?"

The League of Women Voters of Collier County has not studied this issue, therefore has **no position** on it, either in support or opposition.

AMENDMENTS AND LOCAL BALLOT INITIATIVES WILL BE DISCUSSED AT OUR OCTOBER 16TH GENERAL MEETING

The Florida Rights Restoration Coalition (FRRC) is a non-partisan statewide coalition of nearly forty local, state and national organizations dedicated to achieving permanent reform through a state constitutional amendment. The FRRC, which was formed at an ACLU-sponsored statewide meeting of organizations and activists in Tampa in March 2003, will organize local working groups to coordinate signature-gathering in various areas of the state. Until permanent reform can be achieved, the FRRC is also dedicated to helping people through the current process of applying for restoration of their civil and voting rights.

“Rights Restoration is an Issue for Action for the League.”

LEAGUE IS WELL REPRESENTED AT FLORIDA RIGHTS RESTORATION COALITION

By Chris Straton
President@lwvcolliercounty.org

Florida is one of only 3 States where felons lose their civil rights permanently unless those rights are restored through the clemency process administered under the Governor and Cabinet. The Florida Rights Restoration Coalition (FRRC) was formed in March 2003 to remedy this situation. Rights restoration is an Issue for Action for the League. The FRRC held a statewide meeting in Tampa on July 22 to lay out their strategy for the 2006 election cycle and the 2007 Legislative Session. The League of Women Voters, a steering committee member of the FRRC, was represented by Dianne Wheatley-Giliotti (LWVF President), Cliff Barney (St. Petersburg Area), Susan Guise (North Pinellas), Patricia Moran (Hillsborough), Ethel Rowland (St. Lucie), Bernice Schmelz (Collier), and Chris Straton (Collier). A summary of the full day session follows.

The Facts: Not only do felons in Florida lose their right to vote but they are seriously hampered in getting many jobs due to licensing requirements following completion of sentences. They also lose their ability to run for office or serve on a jury. It is estimated that over 600,000 felons have lost their rights in Florida. Of the estimated 25,000 felons released each year, only 15% of them can have their rights restored without a Clemency Board hearing. This process can take over a year and requires formally filing a request for rights to be restored. For the other 85%, those wishing to have their rights restored are subject to a simplified process but still a long wait. The Clemency Board meets 4 times a year and hears about 170 cases during that year. About 2/3 of those clemency board hearings result in restoration of rights. The clemency process can be changed by the Governor and two members of the Cabinet. The automatic loss of rights can be changed by amending the Florida Constitution. The Legislators can initiate a constitutional amendment as well as pass legislation which could facilitate the restoration of rights.

The Strategy: The first priority is to reach out to the candidates for Governor, Attorney General, Chief Financial Officer and Secretary of Agriculture to explain the issue and seek their support to amend the clemency process. The coalition would also provide a one stop website to assist grassroots efforts in campaigning for rights restoration. The coalition unanimously voted that the goal is the automatic restoration of rights for all offenders who have concluded their sentence, parole and restitution. A media plan based upon research conducted under the direction of the FRRC will be made available so that all members of the coalition can keep on message.

LWVCC Involvement: At a joint meeting of the Justice and Voter Service Committees on October 9th, Bernice Schmelz, LWVCC board member and Justice Committee chair, will share the information we received at the statewide FRCC meeting. Attendees will determine the degree to which the committees want to recommend participation in the FRCC's work at the local level. All are welcome to attend. See page 8 for details.

MEMBERSHIP

WELCOME NEW MEMBERS!
